## ALL-ROUND 4-in-1 PRINTER

A compact, reliable performer, the wireless WorkForce WF-2950 is the perfect choice for efficient home office printing. Featuring fast print speeds, plus auto 2-sided printing and a 30-page Auto Document Feeder, the WF-2950 delivers professional-quality documents, reports and proposals.

## HIGH-SPEED FAXING

Fax as fast as 3 seconds per page, save up to 100 pages in memory, and store up to 100 speed dialing numbers. Using the included PC-Fax, you can even send a colour fax right from your computer. It is a great way to save time and paper.

## AFFORDABLE INDIVIDUAL INK CARTRIDGES

Depending on what you are printing - lots of blue skies will mean your cyan will need replacing sooner than other colours - your printer's ink will reduce at different levels. With individual inks you only need to replace one cartridge at a time - the one that actually needs replacing. With tri-colour cartridges, you end up throwing away the entire cartridge even if just one colour runs out, meaning you waste the good ink you have left. Wasted ink is just wasted money. Epson individual ink cartridges means you save money and don't waste ink.

## EPSON SMART-PANEL

An innovative interface, the Epson Smart Panel app<sup>2</sup> transforms your iOS<sup>®</sup> or Android™ mobile device<sup>3</sup> into an intuitive control centre for your Epson WorkForce WF-2950. This powerful tool makes it easy to set up, monitor, print, scan and more using your Epson printer, right from your hand-held device. With quick-configuration features, it offers easy product setup on your wireless network and automatically detects your printer. Customize the app to your own preferences and requirements. Built to offer everything you need in one convenient app, Epson Smart Panel allows you to register your product, order supplies and easily access troubleshooting tips.

## POWERED BY HEAT-FREE TECHNOLOGY

The Epson WorkForce WF-2950 is powered by Epson Micro Piezo with Heat-Free Technology. Micro Piezo technology utilises piezo crystals that pulse when electrical signals are sent to them by the printer. It produces incredibly consistent droplets, both in shape and size, to deliver clear and sharp prints.

## CONNECTIVITY

### Simple wired & wireless connectivity

The Epson WorkForce WF-2950 supports the latest wireless standard, 802.11 b/g/n<sup>4</sup> and includes Wi-Fi Direct<sup>®</sup>. Which means no router is required, providing users with greater coverage and faster speeds. You can use your printer from anywhere in your home and share it with multiple PCs.

### Print from your iPad or iPhone

Apple<sup>®</sup> AirPrint<sup>™</sup> makes it simple to print emails, web pages, presentations and documents straight from their iPad or iPhone. There's no software to download, no drivers to install and no cables to connect. Your Apple<sup>®</sup> IOS<sup>®</sup> device will automatically connect to the printer.

<sup>1</sup> Most features require an Internet connection to the printer, as well as an Internet and/or email-enabled device.
